Let us treat today as the first blank page in a 365-page book, and write a good one.

Dear Parents,

Welcome to a new academic year fraught with challenges and new ways of working!

Due to country-wide lockdown for curbing the spread of the corona virus pandemic, Inspiration Public School has decided to work with a Remote Learning Plan. It is rightly said, "Schools are so much more than just schools and we teachers are irreplaceable and essential to learning." Most of the teaching and learning comes from talking, discussing, questioning, answering – and then questioning again. To teach remotely without a classroom talk is a huge challenge.

Realising the responsibility of the future of its students, a system of **"On-line Teaching"** programmes for class XI will commence from April 20, 2020. The school's fraternity has already started **"Work from Home"** concept. It will be our endeavour to keep the functioning as trouble free as possible.
